"Our government may have its faults, there may be some flaws in our country, but I have never seen its equal.

"Every thing that we have we over this country of ours. It is certainly worth dying for."

Then as the name of each dead soldier was called off, a young woman dressed in white passed up to the altar and placing a wreath of red roses on the altar, stood in line. Thirty nine dead heroes were given tribute. As the last wreath was placed, the young women knelt as captain Chester said the prayer. Singing of "The Star Spangled Banner" concluded the memorial services.

Eye witnesses to the accident called on Chief Morrissy and Judge Harry L. Maxfield this morning and offered their services as witnesses.

"According to stories of witnesses the driver paid absolutely no attention to the wrecked buggy and did not even look back to see what happened," said Chief Morrissy.

During the morning it developed that Mr. Uchling who was in the car had nothing to do with the accident. Chief Morrissy decided to bring him before Judge Maxfield on a drunk-enness charge.

Owing to the absence of District Attorney Staniey Dunwiddle the men were held at police headquarters.

A crowd of thousands, massed about the band stand, crowding the court house steps, was held spell bound throughout the evening program announced for an hour's length but drawn out to one hour and a half with the listeners loath to hear the "Star Spangied Banner" finale. It was an immobile crowd, the hundreds and hundreds standing, holding their places throughout the entirety of the concent. There was no more than a casual shifting in the throng. The selections, nearing those of a symphony orchestra program, as ear as a brass band could do so, were wird, soft, musing, patriotic, joyous, and even jazzy in turn as the program proceeded.

The cornet solo played by Robert Bruco was the leading feature of the continued applause with the old war favorite. "Tenting Tonight," and again with "Somewhere a Voice Is Calling," he made an appeal which will long linger in the memory of the music loving hearers.

Americans who have been in Europe during the past year know how foolish are the fears of those who think our country can be outvoted or mastered in world affairs. The very fact that America is as rich and strong as the other first-rate powers together ought to quiet any alarms. The war has weakened and unsettled European nations beyond any realization of the mass of Americans.

Our nation, desiring peace in a disinterested way, and having virtual control of fresh stocks of raw material and supplies of capital, can be the world's dictator over war and peace, if we keep our heads, repress sordid aims, and stand together.

Why does Italy hesitate over seizing Fiume? Because of fear of what tile United States could do, by withholding goods and loans. The peaceful prevention of bloodshed at Trail, when American bluejackets stepped in between angry Italians and Slavs and thus prevented the possible outbreak of a new war, is an illus tration of the great disinterested power, the United States. All true Americans should be proud of the Trau incident. It shows us what it means to have become a great, benevolent force in world affairs.

#### A PAVING PROBLEM

A question which is confronting the city and which must be answered in the near future is, "What will be our policy in regard to the traction company?"

The situation is this: The city will begin next year to make street improvements and it will be necessary to pave on streets which are now used by the traction company. A suit is pending in court involving the payment of contractors for paying tracks and one foot on each side.

The contractors have laid pavement, seven feet in width between and along side the tracks on South Main street. The traction company contends that the city should pay for all this. The amount involved is in the neighborhood of \$5,000.

Upon the policy of the city in regard to future paving between the tracks will depend the progress we can make in street improvements. If we do not assume the obligation for work that is to be done in the next few years on streets which are already occupied by the traction company, the street pavement will be held up. The company has no money to pay for the work even if the court should decide it should do so. The contractors will not undertake the work unless they are guaranteed settlement. The city is the only means of guaranteeing this amount under present con-

It has been suggested that the city pay for paving between the tracks on those streets which are now occupied by the traction company with the understanding that paving between tracks of extensions will be paid for by the traction company. It is argued that such a proceedure would give the traction company, which has paid but one dividend of two percent since its existence, an opportunity to prepare for the extensions and improvements which will have to be made as the city grows. It would also prevent any delay in street improvements which must be made as soon as it is possible to provide for them.

The Gazette feels that perhaps the city should adcompany any more than it is entitled to. Neither does M. A. Sparham left this morning for an extended trip it believe that anything should be allowed to interfere through the west. She will go to Chicago and spend with bringing to completion needed improvements.

A franchise to use the streets is valuable to any company which will operate street cars here in the future. If the local company improves its service, it will make money when the city becomes larger. If it

But to establish the precedent of voluntarily assuming

to pay the bills would not be fair to the taxpayers. Mayor Weish and the city council wish to obtain the sentiment of the public in regard to this matter and have called a special meeting of the council to be held October 15 at which the public is requested to be present. In the meantime the Gazette's Voice of the People's column is open to a discussion of the subject pro- day.

#### The Best Cough Syrup is Home-made

Here's an Easy Way to Save \$2 and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a pint bottle, pour 2 ½ ounces of Pinex: then add plain granulated sugar syrup to fill up the pint. Or if desired, use clarined molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils and gives you a full pint of better cough remedy than you could buy ready-made for three times as cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less, it seems to penetrate through every pussage, loosens a dry hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Dave sat for some minutes in a

prospect of any increase in his salary. Conward's words had been very un-settling. They pulled in opposite di-dections. They fired him with a new enthusiasm for his city, and they in-timated that a gang of professional land-gamblers was soon to perpetrate en enormous theft, leaving the public holding the sack. Still, there must be a middle course somewhere.

that statement was hung a columstory on the prowing prosperity of the city and its assured future, owing to its exceptional climate and natural resources, combined with its commanding position on transporta-tion routes, both east and west and

north and south.

During the following days Dave had a keener eye than usual for evidences of "Industrial development".

He found them on every hand, Old properties, long considered unsalestications of the second considered and the second considered the second considere moved easily; wages were stiffening; tradesmen were in demand. There was material for many good stories in his investigations. He begun writ-ing features on the city's prosperity and prospects. The rival paper did and prospects. The rival paper did the same and there was soon started between them a competition of op-timism. The great word became "boost." The virus was now in the veins of the community, pulsing through every street and byway of the little city. Dave marveled, and wondered how he had failed to read these signs until Conward had laid their portent bare before him. But as yet it was only the news sense strange and the sensational. He was not yet inoculated with the poison of

restigations, but on Sunday, as usual, he went out to the Duncan's. Mrs. Duncan explained that Edith had gone to visit a girl friend in the country; would be gone away for some time. Dave felt a foolish annoyance that she should have left town. She might at least have call-

Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back, wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

# GRABS FINAL GAME OF SERIES BY 5 SCORE: SOX USE THREE PITCHERS STOP MORAN'S HARD SLUGGERS

(By Associated Press)

Comiskey Park, Chicago, Oct. 9.—The Cincinnati Reds are the champion baseball team of the world, defeating the Chicago White Sox here today for the fifth time in the world's series of 1919. Today's score was 10 to 5. The Reds in-Kulged in a hitting field day, driving two Chicago pitchers from the mound and hitting the third one hard. The American leaguers staged a rally in the eighth by combining several clean hits off Eller with an unfortunate occurrence for Incinnati when Neale completely lost a ball in the sun, and while they tallied four runs, they were still far behind. The Reds made 16 hits, the highest total for one game made during the series. The game was also the longest of the series, lasting two hours and twenty-seven minutes.

#### FIRST INNING

REDS—Rath up, Strike 1. The first ball pitched by Williams split the plate but Rath did not make a bid for it. Strike 2. It was a foul. Rath opened the contest with a pop fly that Risberg got in short left. Daubert up. Strike 1. Daubert singled to center. It was a line drive that Liebold made a great effort for, but could not quite reach before it touched the ground. Groh up. Strike 1. Groh fouled the first one off. Ball 1, foul, strike 2. Groh fouled the third ball into the left field pavilion. Groh singled to right. It was a short hit that cleared first base Gron singled to right. Roush doubled past first base to the right field pavilion fence, scoring Daubert and putting Groh on third. Duncan up. James is warming up. Foul, strike 1. Ball 1. Duncan doubled to left field scoring Groh and Roush. It was a line drive that went over Western's band and Tagleson fielded in the authors left field and Weaver's head and Jackson fielded in the extreme left field corner. This was enough for Williams and "Big Bill" James went into the box for Gleason's team. Kopf up. Ball 1, ball 2. Strike 1. Ball 3. James could not locate the plate properly and walked CINCINNATI Kopf. Duncan retained second. Neale up. Strike 1. Strike 2. Neale took a terrific swipe at the second strike but missed. Ball 1. Neale fanned, the third ball being called on him. Rariden up. Ball 1. James almost made a wild pitch, but Schalk recovered the ball before any damage could be done. Rariden lofted a Texas league hit over first base, scoring Duncan and putting Kopf on third. Eller up. The crowd gave Eller a hand-clap ovation when he went into the batter's box. Foul, skike I, ball 1. Raviden stole second. Ball 2. Eller ended the inning by flying out to Felsch. FOUR RUNS, FIVE HITS, NO ERRORS. SOX-Liebold up. Strike 1. Eller's first pitch was over the pan. Liebold started for the Sox with a clean single to left that Duncan fielded fast and prevented him from stretching it into a double. Ed. Collins up. Strike 1. Ball 1. Ed. Collins doubled to left, and Liebold went to third. Weaver up. Ball 1. Strike 1. Strike 2. Ring was warming up for Cincinnati. Weaver fanned. often he is the one in whom is combined one, two, or all of the traits
of the all-around man mentioned above. He should possess quick in-telligence combined with sound judg-ment, for he must be able to adapt himself to the emergencies which

constantly arise in football games.
Plungers, Runners, Podgers
A third important backfield man is
a strong plunger. Every team needs uch a player. There is also need for one or more

strong off-tackle runners, inasmuch as this is the part of the opponent's line which is most accessible. Backfield men should have the

ground. The switter they are the better. At least two of them must be sure punt catchers; all of them should be good interferers; all of them should be strong in tackling; at least one of them should be strong in punting and in drop or place kick-

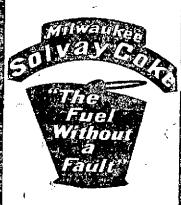

ing.

### ALEXANDER IN DAZZLING PERFORMANCE SHUTS OUT CRACK BELOIT FAIRIES, 5-0

Great Chicago Cub Hurler Sets Chubb's Gang Down With Two Scattered Hits Before 5,000 People, Largest Baseball Crowd In City's History.

With the mighty Grover Cleveland Alexander in the best of form, Janesville's all-star baseball aggregation made up of seven Chicago Cubs and two ex-major leaguers stepped out on the diamond at the fair grounds yesterday afternoon and before 5,000 people-the largest crowd that has ever packed a local ball park -deliberately and most joyfully smothered the highly touted Beloit Fairies under a 5 to 0 count. It was sweet revenge for the defeat in Beloit last Saturday.

The grandstand shook with the lusty shouts of Janesville fans in the second inning when the game was put in cold storage with four runs pushed across the pan. The rooters yelled themselves nutty when the big blow-up came and rejoiced in the accomplishment of a feat which three months ago was thought impossible for Janesville to accomplish—the defeat of the crack Beloit Fairies.

The game was a most fitting part; of the great Welcome Home celebration and gave loy supreme to the 5,000 civilians, soldiers, sailors, and marines who witnessed it. It was a Particle of good baseball all the way through.

Works With Ease

The great Alexander did not have to exert himself to win, with the exception of the first inning when he worked his way into a bad hole and by a great exhibition of heaving, pitched his way right out again. He was at his ease the rest of the same kidding the Fairies along and giving them two measiy hits to partially satisfy their slugging appetite. His performance on the mound was marvelous to the many spectators in the stand who had never seen a real pitcher in action before, and was a treat to those who had. Throwing with terrific speed with scarcely any wind-up and without showing any signs of the strain as the game wore on, he had the Fairy batters completely baffied and never was in danger after the first inning. He was somewhat wild at the start but got away with scaing only three passes while striking out seven Fairles. Six Hits Off Zabel Six Hits Off Zabel

George ("ZIP") Zabel, working in the box for the Fairies, pitched a good game but was not there in the pinches. The home team collected a total of six hits off his deliveries, four singles and two doubles, half of the hits coming in the second inning. Zabel succeeded in getting two strikeouts and walked only one.

Both pitchers were given good support by their mates. Although Janesville made three errors against. Beloit's two, the Fairies' muffs were perpetrated at critical times when accurate fielding meant everything. Two sparkling double plays were pulled off by the Janesville outht, one in the sixth and the other in the ninth. Hollocher, at short, McCabe, at second, and lathrop, on first, ligured in both shows.

The game opened promptly at 3 o'clock with McCabe popping a high one to Breton on third. Hollocher singled but died on first when Barber and Paskert filed to the garden.

Alexander started off his performance in a rather shaky manner issuing two passes and filling the bases before he finally steadied himself. "Shorty" Thomas, first up, looked over four wide ones, trotted to first and was advanced to second by Breton's sacrifice. Allison walked and the bases were clogged when if ollocher failed to pick up Holloway's easy grounder. At this point the big boy tightened up and struck out Buster Keene. McCabe forced lindioway at second when Stell drove out a sharp roller, ending the
